

PREPARE FOR CANVAS ► FALL 2018

① ORGANIZE YOUR COURSE FILES

1 Log in to your eLearning course. Go to **My Tools** > **Edit Course**. Select **Manage Files**

2 There are options to arrange files by Name, Size, Type, and Last Modified. You can use these to find old, duplicate, or large files.

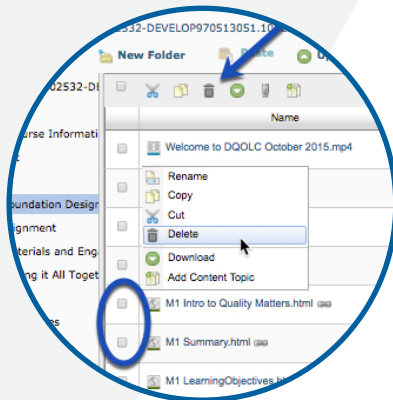

3 If a file has a link icon next to it, it is being used in the course. Be careful, this only applies to .HTML files. Images, video, .PDFs or other files used in the course will not have this link icon.

4 To delete multiple files click the **check box** next to the files you want deleted and then click the **trash icon**.

To delete a file or folder click the arrow to the right of the option and choose **Delete**.

Active courses in **Summer 2017**, **Fall 2017**, and **Spring 2018** will be automatically migrated from D2L into Canvas. Faculty can either manually export courses that are from other semesters or in development shells to Canvas or request that these courses be part of an auto migration. There will be three automated migrations: one in late Fall 2017 and two in Spring 2018. For courses not migrated, access to D2L will be available until December 31, 2018. After that time, faculty will be able to request file downloads for archived classes from ITS. ***Stay tuned for Tip Sheet #2***

Try one or more classes during the first week at no cost. Just let us know which classes you plan to continue taking and we'll help you to complete your registration.

CLASS ENROLLMENT & REFUND POLICIES:
We encourage everyone to register early. NO REFUNDS are granted after the second week of classes unless the class is discontinued. Please Note: The continuation of any class into the term is based on enrollment minimums and are subject to change or cancellation.

- Through the ARTS:**
- Connect with others
 - Build your creativity
 - Learn from professional artists
 - Excite your imagination
 - Experience the creative process in a safe, friendly environment
